GIRL'S BURNS PROVE FATAL

With her body burnt to a crisp and in intense agony, Annie Stycfanyak aged 20 years, died this morning at 5:30 in the Monessen hospital from the effect of burns received last night following a gas explosion at the bakery of Martin Filipec at the Wireton end of the Monessen Charleroi bridge.

The girl was retiring for the night, about 10:30, and had turned on the gas in her bedroom. She did not have a match and left the room to secure one. Returning shortly, she lit the match and an explosion of the gas, which she had failed to turn off on leaving the room, immediately followed, wrecking the room and turning the wall partitions almost around. Her clothing became ignited and in terror, with her arms beating frantically on her breast and other burning portions of her body, she ran down the stairs calling loudly for help. Her cries were heard by the inmates of the house and blankets were thrown around her badly burned body and the fire smothered.

A doctor was called and the girl removed to the hospital. The loss to the building will amount to several hundred dollars which is covered by insurance.

Anna was to be married on Easter Sunday to the driver of Filipec's bakery and the accident is all the more regretable on this account. She was working on her trosseau and everything was in readiness almost when the accident occurred.

Bridges Released, Goes Home

George Bridges, the alleged dynamiter, who terrorized the people here about Xmas time was released from the county jail Tuesday evening and it is said, made straight for his wife and family who are living in Homestead. Bridges was fined $1 and costs and 1 day to jail. He has been serving out time in default of the costs.

Funeral Services for Mrs. Tucker

The funeral services over the remains of Mrs. Ann Tucker will be held at the late home, 541 Schoonmaker avenue, at 8 o'clock this Thursday evening, conducted by Rev. A. T. Wallace, pastor of the Baptist church. The funeral cortege will leave Monessen with the body on the 7:30 train Friday morning for Beaver Falls, over the P. & L. E. railroad, where the interment will be in the family burying ground.

George Sherwin returned this morning from Greensburg where he has been serving on the jury for the past week.

A GENERAL STRIKE IS ANTICIPATED

The strike at the Chamouni mines between Monessen and Brownsville has been ended, for a time at least, work having been resumed yesterday after a conference with District Deputy John O'Leary, located at Roscoe, his advice being to go back and finish out the month of March, thereafter to be governed by the United Mine Workers' decision. Two hundred men are back under the old usage. The dissatisfaction having arisen over the use of locked, or safety lamps in certain parts of the mine and the use of the electric cutting machine on all entries. However things do not look as rosy as those most interested in the mining industry along this valley would like, even now, as it is said that President John P. White of the United Mine Workers of America has insinuated as his belief that there will be a miners' strike, or rather a suspension of activities April first.

This, the first hint made with reference to the mining situation in the competitive district, is received with much reluctance by the people. This will affect 350,000 workmen, but it is a little encouragement to know that it is thought the difficulty will not be of long duration, as there lurks a desire on both sides to get an amicable adjustment of all misunderstandings just as quickly as possible in order to keep competing non-organized districts from stepping in and capturing the trade which comes to this valley just so long as employers and employes can "produce the goods"

Prizes Awarded at Masque Ball

The Masquerade Ball held on last Tuesday evening by the Hebrew Ladies' Aid society was a decided success from every point of view. There were 94 couples in attendance and the music was furnished by Riener's orchestra. Prizes were awarded to the most grotesquely and to the neatest costumed dancers. Dancing continued until the wee sma' hours of the morning.

REVIVAL IS STILL ON

Another large congregation was present at last night's evangelistic services at the Presbyterian church to greet Messrs. Houck and Porter. The song services were inspiring under the direction of Prof. Daniels. Evangelist Houck took for his theme, "The earnestness to save." He depicted in a vivid manner the heart earnestness of men in saving the physical lives of their fellows. He recited many stirring incidents in his experience, of scenes where men have sacrificed life to save their fellows from burning buildings, railroad wrecks, mine explosions, and many similar physical dangers. "But," declared the Evangelist, "men are not so earnest in saving the souls of their fellows who are lost."

He declared that the times were changing, insofar that men were becoming interested more in the souls of men as seen in the Sabbath rest law by our corporations, the organization of personal workers leagues and other agencies for interesting men in their salvation.

The Evangelist was very direct when he spoke to the christian people, in their apparent indifference concerning the spiritual welfare of their neighbors and even their own children. He revealed the care that men take of their stock, and preparation to leave something for their children, but neglect the most important things for their happiness. Men were touched by the appeal and responded with their testimony that they were willing to consecrate themselves more earnestly hereafter to the Lord's work among men.

At the invitation to become christians, souls again responded as has been the custom each evening. The heart-to-heart talks by the evangelists was very helpful in awakening the deeper spiritual conceptions of man's relation to his God. The afternoon prayer-meetings were again well attended. On Friday the prayer-meetings will be held as follows: Mrs. John Shirley, 663 Reed avenue; Mrs. R. S. Kelly, 356 Donner avenue; and Mrs. J. E. Cook, 235 Schoonmaker avenue. The usual seven o'clock prayer meeting will be held in the Men's class room under the direction of Evangelist Houck. Elijah, when in the mountains, met God in the "still small voice," and people are enjoying the spiritual phase of the present awaking at these meetings.

Do you use Hydrogen Peroxide?

The American market is flooded with different makes of Hydrogen Peroxide, sold at all sorts of prices. The Parke, Davis & Co. brand has been proved to be 30 per cent stronger than others on the market today. At the end of nine months it loses in strength only .06 per cent. The others lose from 1 to 64 40 per cent. It certainly does not benefit a man who purchases Peroxide at a low price, for he has little more than ordinary water in the bottle after the lapse of three or four months. We have on our shelves some cheap stuff, and then we have the best—Parke, Davis & Co.'s.

Craig's Drug Store

FINE IMPOSED ON BANKRUPTS

A decision just made in the District Court at Pittsburgh is of much interest to Monessen merchants as well as elsewhere.

The case cited comes from Donora where one Samuel Goldstein had been in the clothing business and seeming to find business a little slow decided to work off a scheme on the people.

He declared himself a bankrupt and had the goods sold to a man named Horn by a receiver, who in turn resold the stock back to Samuel, Marion and Jack Goldstein, who forthwith started a big sale and advertised it as being "ordered by the court," which was not the case.

Naturally the old, reliable staid merchants of Donora were displeased as this distribution of competitive goods at ruinous prices was detrimental to their interests. So, not being satisfied that it was a real, bona fide bankrupt sale, in the sense implied by the law, filed a protest, and after hearing the facts, Judge Charles P. Orr decided that a bankrupt sale "must be the real thing," and forthwith proceeded to impose a fine of $150.00 each on all of the Goldstein boys, the aggregate sum being $450.00.

This is quite a victory for the Donora merchants, and the example will be for the future good, not for Donora alone but other towns as well.

We believe we've had similar schemes worked right here in Monessen to the detriment of our good merchants, where the entire proceeding was nothing more or less than a "scheme" to work off a batch of out-of date, shop worn goods, in direct competition to "good goods," and not that the man was forced to make the sale from sheer force of circumstances.

Further, we just remember that we have heard it said that it is charged that there is a case right here in Monessen where the party refused for a time to pay bills, went into bankruptcy after hauling the best goods out and away, advertised a so called bankrupt sale, run off an immense lot of undesirable, out-of-date goods, the refuse, it might be termed, and after the sale the good goods were hauled back, and by taking in a so-called partner as a blind, and attempting to start up again in the same old way at the same old stand. Be that as it may, all such cases should be passed on by Judge Orr or some other competent and sensible authority, and we think if such was the case there would be much less of this questionable trafficing, which always works harm to a town in its honest, reliable merchandising interests.

Always EDDY for drugs.

TO ARRANGE FOR COMING FIELD MEET

A meeting of the Monessen High School Athletic Association has been called for Tuesday evening of next week at which time the plans for the coming field and track meet will be fully discussed and gone over. The meeting has been called by President Voyle Manown and among the matters to be considered are the ordering of equipment, the appointment of a committee to confer with the Charleroi people concerning the date and other details and a selecton of a captain, however the last matter may be left over until a later date.

Out door practices will begin next week, the weather permitting, and as in former years it is probable that the Carnegie Steel mill cinder track will be used in addition to the large open space in Electric Park. Much interest is being evinced by the boys and the meeting on Tuesday promises to be a very enthusiastic one.

The material to select a team from is the best in years and among the different candidates, might be mentioned: dashes, Lermann, Manown, Myers and Baker; weights, Manown, Herron and Newhouse; pole vault, Wagoner and Todd; jumps, Todd Odbert, Wagoner, Baker, Herron, Leathers and Manown and distance runs, Herron, Preston, Haury and Ferren.

Examinations to be Held

Announcement was received this morning at the local post office that examinations for the position of rural mail carrier at West Newton will be held at the different offices in West moreland county on April 6. This examination includes other vacancies that may occur in this county also.

The age limit for this position is from 18 to 55 and it carries with it a salary of anywhere from $600 to $1,000 per year. The maximum age limit is waived in cases of persons who have received an honorable discharge from the U. S. military or naval service.

RIVER MAN IS FOUND DEAD

Captain David Longwell of Monongahela aged 86 years, was found dead in bed this morning about 6 o'clock by members of the family. Captain Longwell has been in very good health recently and late yesterday afternoon while going to the cellar of his residence he stumbled and fell down the stairs. The family physician was called but he pronounced the man nothing the worse for his fall, although he was unconscious from its effects at the time

He retired to bed about 9 o'clock last evening and was found this morning, a corpse. It is stated that he died from heart trouble, a weakness with which he had been troubled for some time and death may have been induced by the fall.

He was, until his retirement 15 years ago, chief engineer of the towboat James B. Williams. Captan Longwell has been a resident of Washigtonn county since coming to this country about 75 years ago and was well known among rivermen. He is survived by his wife and two sons, James of Washington, and Harry of Pittsburgh.

Uses for the Recall

We have heard much said for and against that much berated "initiative, referendum and recall," and we are not just sure whether, taken as a whole, we are equal to the task of wrestling with the blamed thing or not, but as it is the manifest duty of every great and influential journal to declare itself upon all questions of interest or good to the world at large or the communtiy in which it circulates, we'll split this great and momentous question and take a chance on the "recall" only, leaving the referendum till some other time. We don't care to be misunderstood or unjustly maligned by overly industrious enemies, so here goes:

We believe that the recall should be applied to the woman with the big hat who sits in front of us at the show, preventing our seeing the stage or any of the beautiful lady performers.

That the recall should be applied to the fellow who shoves into the crowd when boarding a train at the station and puffs tobacco smoke into our face just as though that was his constitutional right.

That the recall should be applied to the man who gets drunk every Saturday night and squanders his money for rum instead of taking home his week's wages to be used by his wife and family.

That the recall should be applied to the sundry gentry for whom we have done printing, advertising or sent our paper to, who have wholly forgotten that we are on earth.

That the recall should be applied to the men and women who arrive late at every public performance and invariably get up and go out before the show, lecture or concert is over.

The recall should be applied to he or she who borrows their neighbor's paper and never, never buys a copy or becomes a subscriber. They likewise need just a little application of the "initiative," seasoned by a few remarks on the beauties of the "referendum."

We do sincerely believe that the application of the recall would be for the very best interests of young girls and boys who persist in remaining out until a very late hour in the morning at dances and the like.

We suggest the recall of the privilege of citizenship for a year or two from the man who seldom takes active part or interest in local politics.

We'd like to see in vogue a plan that would apply a permanent recall for all papers, dirt and filth thrown broadcast on our streets by some persons, we know not who, and likewise a recall to decent, wholesome practices by those who so carelessly put it there.

We think we'd apply the recall to the back platform cigarette smoker on trains, and also to those bug house fellows who persist in twisting and monkeying with our present state of prosperity.

Science Baffled

Medical science is again baffled, at least for the time, but as the old adage goes, "nothing is impossible to him who never gives up," or something to that effect. Paul Myers has just been released from a Harrisburg hospital and his case, no doubt is the most peculiar and baffling of its kind, yet known in the medical world. He accidentally shot himself in the head while cleaning a revolver. An X-ray examination disclosed the bullet split in four parts, one piece lodged in the base of the brain, another just behind the left eye socket, the third at the top of the brain, but the fourth had passed through the left "speech center," rendering the lad speechless. The wound was dressed and every medical care given, but to remove the pieces of lead from the brain would mean instant death, the physicians say. Hence the boy is speechless, though able to understand and reason, and answer intelligently, by writing, all questions. But the doctors say that if Myers is ever able to again talk, what is known as the "right speech center" will have to be developed. In other words, he will have to learn over again to talk, just as he did when a child.

Bishop Ryan's Compromise.

The late Bishop Ryan was once asked by a fair daughter of his parish whether he considered it a sin to use rouge. "Well, my child," he answered, "some pious men condemn it, others see no harm in it. I, however, hold a middle course—you may use it on one cheek."

BROTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to Its Natural Color.

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea" and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

Skin On Fire?

Just the mild, simple wash, the well known D. D. D. Prescription for Eczema, and the itch is gone.

A 25 cent bottle will prove it.

We have sold other remedies for skin trouble but none that we could guarantee as we can the D. D. D. remedy. If the first regular size $1.00 bottle does not do exactly as we say, it will not cost you a cent. Craig's Drug Store.

If you have anyone visiting you or are going away anywhere, we will appreciate it very much if you will let us know in some way. This is one way you can aid us in making a better personal column. Try it.

Unalloyed Satisfaction

is the condition of mind enjoyed by the man who has insured his house against loss by fire. Of course you don't want your house to burn down, but the insurance will be a great start in rebuilding.

We can help you to protect your home—also to protect one if you haven't any.

Among the Theatres

THE OLYMPIC

The afternoon and evening "The Temptations of a Great City," alone is three reels, and the finest picture ever seen in Monessen. In addition to this we have the "101" Ranch, or War on the Plains. This picture is also 2,000 feet, and we'll have beside these, two other good films. Today is the day you must visit the Olympic theatre. Tomorrow, Friday, we will have a fine vaudeville show in addition to our regular program of the finest motion pictures procurable.

For tonight the Olympic theatre is offering one of the greatest moral dramas ever released and one which will not be duplicated for some time. Today in addition to our regular bill of three pictures "The Tempation of A Greater City" one of the greatest stories of life in a great Metropolis ever produced Don't fail to see it. The great cafe scene. "The Folies Bergere" at night, the money lender's downfall and the dramatic climax. A great object lesson to youth. Exciting, interesting and instructive. 1t

THE BIJOU

The latest disease that has been uncovered by the medical profession is "Pokeritis" and if your husband has the gambling fever, come to the Bijou tonight and you will learn a good way to cure him. The child labor question is one of vital interest to everyone and in the picture "Children Who Labor" at the Bijou today, many of the reasons for the abolishing of this custom are shown. 1t

THE LUNA

Special tomorrow at the Luna, "The Bell of Penance." 1t

"For a good evening's entertainment," go to the Luna. Something new all the time. 1t

"The Pathe Weekly" at the Luna today. The world's most recent events in a nut shell. Don't miss it. 1t

A Two-fold Ideal

An ideal plan for an interchange of what one thinks of the other has been promulgated for next Sunday at the Christian church in Connellsville. During this week members of the congregation are to send in communications giving their views of what is necessary in an ideal minister. Next Sunday morning the pastor, Rev. J. P. Allison will use these "views" as the material for his sermon, and in the evening he will take his "views" of what goes to make up an ideal congregation.

Pipes Not Made From the Brier.

French brier pipes are not made from the roots of the brier, but from the root of a white heath which attains a considerable size in the south of France, where it is sedulously cultivated for pipe-making purposes The name is derived from the French bruyere, the dialect form of which is briere, meaning heath.

WHY HESITATE?

An Offer That Involves no Money Risk if You Accept It
